Date  
David G. Simpson, Chief  
Public Safety & Homeland Security Bureau  
Federal Communications Commission

Further, this Plan was developed with the valued input of all Wisconsin EAS Local Area Broadcast Chairs and their EAS Local Plan Committees, numerous County Emergency Management Directors and Sheriffs, Wisconsin Emergency Management Area Directors, Wisconsin SR and LP Station staff members, other State SECC Chairs, the FCC EAS Office in Washington, DC, and most of all, with the excellent cooperation of the broadcasters and cable operators of Wisconsin.

The initial version of this Plan was approved, in principal, by members of the Wisconsin Broadcasters Association at a Statewide EAS Summit Conference, held July 18, 1996.
