

APPENDIX G: APPROVALS

This Wisconsin State EAS Plan was developed and approved by:

- The Wisconsin State Emergency Communications Committee (SECC)
- The State of Wisconsin Emergency Management Office
- The Wisconsin Educational Communications Board (Operates State EAS Network)
- The National Weather Service

Gary E. Timm, WTMJ Radio  
Broadcast Co-Chair  
Wisconsin SECC

Alan L. Wohlferd, Director of  
Communications and Warning  
Wisconsin Emergency Management

Richard Herlihy, Marcus Cable  
Cable TV Co-Chair  
Wisconsin SECC

Peter Kingslien  
Engineering Supervisor, Wisconsin  
Educational Communications Board

Anton Kapela  
Warning Coordination Meteorologist  
National Weather Service

FCC Approval 12/17/96

Further, this Plan was developed with the valued input of all Wisconsin EAS Local Area Broadcast Chairs and their EAS Local Plan Committees, numerous County Emergency Management Directors and Sheriffs, Wisconsin Emergency Management Area Directors, Wisconsin SR and LP Station staff members, state satellite network operators, other State SECC Chairs, the FCC EAS Office in Washington, D.C., and most of all, with the excellent cooperation of the broadcasters and cable operators of Wisconsin.

This Plan was approved, in principal, by members of the Wisconsin Broadcasters Association at a Statewide EAS Summit Conference, held July 18, 1996.
