

LIST OF WISCONSIN COUNTY IPAWS TEST TIMES

6/25/2018

Issued by Wisconsin EAS Committee (State Emergency Communications Committee)

For updates to this list of county test times, check Wisconsin Emergency Alert System (EAS) webpage at: www.sbe24.org/eas/CountyIPAWStesting.asp

Wisconsin County IPAWS Test Times

Sent via FEMA’s Integrated Public Alert and Warning System (IPAWS), the following is a list of County IPAWS Test Times that the Wisconsin EAS Committee is aware of, as well as times of IPAWS tests sent by FEMA and by Wisconsin Emergency Management (WEM).

Broadcasters and Cable Operators: If your EAS unit is programmed for a county on the list, you should be receiving the test.

County IPAWS Alert Originators: The Wisconsin EAS Committee requests that counties not schedule their test at the exact same time as a time already being used by another county in their area. Before beginning testing, please consult the list below and pick a test time not already in use in your area.

Day of Week	Time (Central Time)	Agency
